Who Should Attend
- Municipal staff (parks and recreation, public works, inland wetlands/conservation commissions)
- Nursery, tree, and landscape professionals
- Landscape architects and designers
- State and federal employees
- Members of conservation organizations
- Educators, students
- Gardening enthusiasts
- Concerned citizens

CONTINUING EDUCATION CREDITS
Pesticide Recertification Credits and other Continuing Education Credits will be offered (see CIPWG website).

DRIVING DIRECTIONS
The Symposium will be held at the University of Connecticut, Student Union, 2110 Hillside Road, Storrs, CT 06269.

Registration fee includes parking in the North or South Garage. Bring your ticket to the symposium for validation.

Campus directions from the intersection of Rte 195 / North Eagleville Rd:
Proceed to 2nd stoplight (just past North Garage). Turn left onto Hillside Rd. Take a hard left into the parking garage driveway at the intersection with Alumni Rd. For the South Garage, continue (slight left) on Hillside Rd. Turn right (after Gampel Pavilion) onto Jim Calhoun Way, then left into South Garage driveway.

The University of Connecticut website includes campus maps and directions to the North and South Parking Garages: maps.uconn.edu

**Breakout Sessions Descriptions:**

**Session 1:** Introduction to Invasive Plant Management

- Learn about invasive plants
- Learn about invasive plant management techniques
- Learn about invasive plant control techniques

**Session 2:** Innovative Invasive Plant Technologies

- Learn about innovative technologies for detecting and managing invasive plants
- Learn about innovative technologies for controlling invasive plants

**Session 3:** Native Alternatives: Why and How to Use Them

- Learn about native alternatives for managing invasive plants
- Learn about the benefits of using native alternatives

**Session 4:** Advanced Invasive Plant Management

- Learn about advanced invasive plant management techniques
- Learn about advanced invasive plant control techniques

**Session 5:** The Nursery Industry and Non-invasive Plant Alternatives

- Learn about the role of nurseries in the invasive plant industry
- Learn about the benefits of using non-invasive plant alternatives

**Session 6:** Early Detection and Invasive Plant Risk Assessment

- Learn about early detection techniques for invasive plants
- Learn about risk assessment techniques for invasive plants

**Registration Form**

- Complete the registration form below
- Mail the registration form to Donna Ellis, University of Connecticut, Dept. of Plant Science & Landscape Architecture, 1376 Storrs Road, Unit 4067, Storrs, CT 06269-4067
