Connecticut Invasive Plant Species List: https://cipwg.uconn.edu/invasive_plant_list/

Invasive Plant and Weed Identification Resources Online

- Connecticut Invasive Plant Working Group: http://cipwg.uconn.edu/
- University of Georgia - Center for Invasive Species and Ecosystem Health, http://www.invasive.org/species/weeds.cfm
- Northeast Weed Science Society: www.newss.org/weed-id/
- UMass Weed Herbarium: http://extension.umass.edu/landscape/weed-herbarium
- USDA National Invasive Species Information Center: (includes access to ID guides, plant geographic distribution, eradication protocols, economic impacts, videos)
  - Terrestrial plants: https://www.invasivespeciesinfo.gov/terrestrial/plants
  - Aquatic plants: https://www.invasivespeciesinfo.gov/aquatic/plants

Books about invasive plants and weeds in general:

- Weeds of the Northeast, by Uva, Neal, and DiTomaso
- Guide to Invasive Plants in Massachusetts, Paul Somers et al.
- How to Eradicate Invasive Plants, Terri Dunn Chace
- Weed Control Methods for Use in Natural Areas, The Nature Conservancy https://digitalcommons.usu.edu/cgi/viewcontent.cgi?article=1532&context=govdocs

Apps for phone and desktop that lead to plant identification, including invasive plants:

- PictureThis: https://www.picturethisai.com/ Based on artificial intelligence. Can be helpful for invasive plant identification. Very high rate of accuracy.
- iNaturalist: https://www.inaturalist.org/. Crowd-sourced plant identification, including invasive plants, and other naturalist pursuits such as animal and insect identification.
- If you’re a Facebook user, the Plant Identification group helps ID all sorts of plants, including invasive plants. bit.ly/Facebook-plant-ID

Invasive plant removal during site preparation:

- A Guide to Conservation Plantings on Critical Areas for the Northeast, Paul Salon & Chris Miller (Material on site preparation for meadow installations)
- Site preparation for meadow installations: https://xerces.org/guidelines-organic-site-preparation/

Tools:
JK Injection tools for Japanese Knotweed, Poison Hemlock, Giant Hogweed, Canada thistle, and Yellow Flag Iris. See https://www.jkinjectiontools.com/.
